***New* Dementia Specific Training for Creekside Senior Living Employees !**

Spring Food Drive

Family and Friends: Don't forget about our Assisted Living Center's annual food drive!

Bring in canned and other non-perishable food items, and drop them in the Main Lobby collection bin by April 30.

All items will be donated to the local food shelf!

At Creekside Senior Living we strive to employ the best staff...and what better way than providing them with informative, educational, and interactive online training with certification? Our goal for 2019 is to have all staff members trained in the CARES® Dementia Basics & Advanced Care™ programs and certified in CARES® Certification. Because we are committed to quality dementia care, Creekside Senior Living now requires all staff members to become certified in the CARES® certification program.

About CARES® Certification

The CARES® certification program is a convenient way for individuals to be recognized for learning quality dementia care practices. It recognizes staff's achievements and participation in the nationally recognized and respected CARES® Online Dementia Training Programs. It recognizes individuals for being knowledgeable of evidence-based, person-centered dementia care practices.

Congratulations to the following staff who have completed CARES® training and earned individual certification:
